METHODOLOGY

Statistical Quality Score (SQS): position-weighted composite of per-90 Wyscout metrics, adjusted for league difficulty (CZ II ×0.82 · Slovakia ×0.78 · Slovakia II ×0.68).

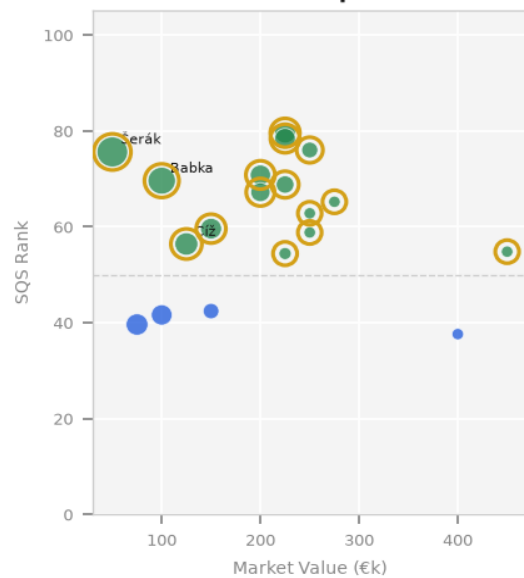

Bloom Index (BI): SQS percentile rank minus Market Value percentile rank within the same position pool. Positive = player performing above what the market prices in.

Recruitment universe: CZ II + Slovak leagues, 2025–2026 only. Budget ≤ €1M, age ≤ 30, minimum 900 minutes played.

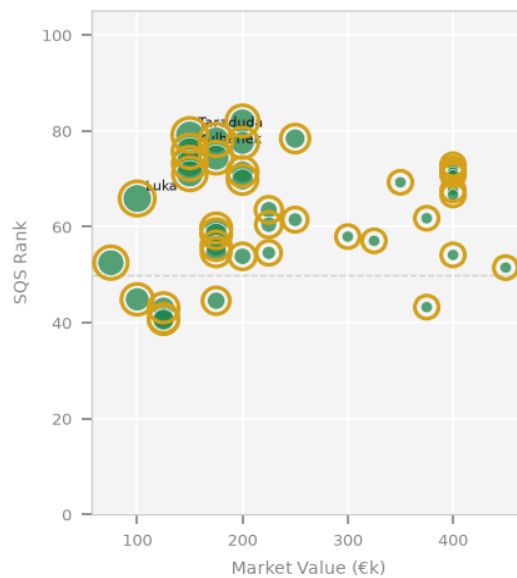

Value Map — SQS Rank vs Market Value

Each dot = one candidate. Gold ring = clear upgrade on current Hradec starter. Dot size = Bloom Index magnitude.
